OUR WEEK OF LEARNING

Reading: As we prep for CMAS, we'll focus on writing about reading. We're looking at sequencing in a text. We'll also compare and contrast two texts on the same subject.

Writing: We've finished our historical narratives, now we'll use the same strategies to write an informational piece all about Mars.

Math: We're doing word problems with multi-digit multiplication. Then we'll explore the relationship between multiplication and division and start partial quotients.

Theme: We're picking a Colorado ghost town to research and write about. Don't be surprised if we ask you to go visit some this summer!
