OUR WEEK OF LEARNING

Reading: We're working on reader response. We use the acronym RACE: restate the question, answer the question, cite your evidence, explain your thinking.

Writing: We're taking some time to refocus on gratitude. We're writing letters and sending them to loved ones.

Math: We're continuing our study of fractions with operations. Now we're looking for sums and differences. Our time finding common denominators will sure come in handy!

Theme: We're jumping into social studies! This year we study everything Colorado. We're starting with geography and maps.
