## REMINDERS

Thank you for helping your child set up great homework routines and habits.

Celebrate the Beat begins in school on Monday! We can't wait to learn our dance.

## OUR WEEK OF LEARNING

**Reading:** We're loving reading nonfiction books. We learn such cool facts. Sometimes the pictures, sidebars, and graphs are the best part.

**Writing:** We're done our research and learned about the organization of a nonfiction piece of writing. Now we're drafting and editing our own pieces.

**Math:** We're beginning Unit 2. This is all about fraction equivalence and comparison. Here's [more information](#).

**Theme:** We're wrapping up our first science unit on human body systems. We'll each pick an animal or plant and use its unique characteristics to describe how the brain, nervous system, and body work together to help it survive and thrive.

**Celebrate the Beat:** Seeds of Solution! We're exploring sustainability and stewardship of the earth through dance.
